Para crear un Usuario con rol user realizar los siguientes pasos:

1- Ir al reino de ecommerce

2- Ir a Users

3- **Add user : usuario con rol user**

The screenshot shows the Keycloak admin console interface. The left sidebar contains a menu with options: Manage, Clients, Client scopes, Realm roles, Users (highlighted with a red '2'), Groups, Sessions, Events, Configure, Realm settings, Authentication, Identity providers, and User federation. The main content area is titled 'Users' and shows a list of users. The 'Add user' button is highlighted with a red '3'. The browser address bar shows the URL: localhost:8080/admin/master/console/#/ecommerce/users.
